

MLC Staff Observation Sheet

Three students
~~Two students~~

Date 14 Jan

Staff member observing Lloyd

Staff member being observed Lyron (1st)

Action		Tally	Descriptions (not judgements)
S	Speak your thinking (as you read or write).	1	Supported verbal explanation with written notes.
Q	Ask (open-ended) questions.	1	Does it help you? Standard matrix: what does that mean?
W	Encourage them to write.	1	Looked at students notes ^{attempt} or problem.
I	Help them to find information.		or make connections eg Rotation matrix
G	Guide their problem-solving.	1	Go to ratio test definition.
L	Listen to their thoughts and feelings.	1	Encouraged student to calm down. - good relation?
E	suggest Explain another way.	1	Perhaps you need to look up formula for rotation matrix
S	Help them to sum up the learning.		

Discussion

Something I liked was ① Responded to student's pace (speed of uptake)

② Engaged in constructive discussion of concepts

I liked it because

Tell me about your reasons for
